McMahons Point Wharf upgrade

MAY 2014

Alternative transport during construction

McMahons Point to North Sydney Station, Kirribilli Wharf or Milsons Point Wharf for connections to the city and other destinations

Customers can catch the 265 (McMahons Point to Lane Cove via North Sydney) or 269 (McMahons Point to Milsons Point via North Sydney Station) bus services and connect to bus or train services to the city.

Weekday off peak customers can catch the 269 bus service to Milsons Point to connect to a ferry service to the city.

During the evening and on Sundays when the 265 and 269 services do not operate a shuttle, temporary Route 223 will operate between McMahons Point Wharf and Milsons Point Station and Wharf for connections to train and ferry services.

Connections to North Sydney for ferry users

Customers who usually catch a ferry to McMahons Point to walk or connect to a bus to North Sydney can catch a ferry to Milsons Point Wharf and walk or catch a 227, 228, 229 or 230 bus service to North Sydney.

Customers can catch a ferry to Circular Quay and connect to train services to North Sydney Station. The temporary closure of McMahons Point Wharf will not affect the timetable for ferry services to other wharves.

The F3 Parramatta River Ferry Service will continue to operate to the existing timetable at the other wharves on the service. The F4 Darling Harbour Ferry Service will continue to operate to the existing timetable at the other wharves on the service.

Plan your trip by calling 131 500 or by visiting transportnsw.info to use the trip planner. Please allow extra time for your journey.
