The NSW Government is progressing with the development of the F6 Extension Stage 1 between the New M5 Motorway at Arncliffe and President Avenue at Kogarah.

Roads and Maritime Services will be carrying out geotechnical investigations at Kirby Industrial Estate over the next few weeks. A map is included to show the locations of the work being carried out.

These geotechnical investigations are being carried out to gather information about the ground conditions within the F6 Extension Stage 1 project area. The investigation work will involve drilling a borehole to extract soil samples using borehole drilling equipment in a few locations within the Estate. To carry out the work, light vehicles, drilling rigs and a trailer mounted generator will be in use. Heavy vehicles will not be used.

**Our work schedule**

We will be working between Thursday 7 February and Friday 22 February, weather permitting. Excluding public holidays.

Our work hours will be between:

- Monday and Friday, 7am and 6pm

The work at each location will take between three and seven days to complete. Please see map for approximate duration at each site.

**How will the work affect you?**

Our work may be noisy at times but we will do everything we can to minimise its impact.

Access to private property will be maintained.

To ensure the work zone is safe, Roads and Maritime Services will install temporary fencing and traffic cones around the work area for the duration of the drilling work.
Traffic changes

There will not be any traffic changes or changes to pedestrian access to footpaths associated with this work.

For the latest traffic updates, you can call 132 701, visit www.livetraffic.com or download the Live Traffic NSW App.

Location of works at Kirby Estate, Rockdale.
