The NSW Government is progressing with the development of the F6 Extension Stage 1 between the New M5 Motorway at Arncliffe and President Avenue at Kogarah.

Roads and Maritime Services will be carrying out geotechnical investigations at Moorefield Bowling Club in French Street. A map is included to show the location of the work in the access road.

These geotechnical investigations are being carried out to gather information about the ground conditions within the F6 Extension Stage 1 project area. The investigation work will involve drilling a borehole to extract soil samples using borehole drilling equipment. To carry out the work, light vehicles, drilling rigs and a trailer mounted generator will be in use. Heavy vehicles will not be used.

Our work schedule

We will be working between **Friday 8 March** and **Thursday 14 March**, weather permitting.

Our work hours will be between:

- Monday and Friday, 7am and 6pm
- Saturday, 8am to 1pm

The work will take around five days to complete.

**How will the work affect you?**

Our work may be noisy at times but we will do everything we can to minimise its impact.

Access to private property will be maintained.

To ensure the work zone is safe, Roads and Maritime will install temporary fencing and traffic cones around the work area for the duration of the drilling work.
Traffic changes
There will not be any traffic changes or pedestrian access to footpaths and road crossings associated with this work.

Location of work at Moorefile Bowling Club.

For the latest traffic updates, you can call 132 701, visit www.livetraffic.com or download the Live Traffic NSW App.
