Out of hours work at 1 Memorial Avenue, Penrith from Saturday 23 September

The NSW Government is building a new pedestrian and cyclist bridge over the Nepean River to connect Penrith and Emu Plains.

Roads and Maritime Services is continuing to deliver the new bridge which will provide a safe crossing for pedestrians and cyclists over the Nepean River and improve connections to existing and future shared paths, including the Great River Walk.

Delivery of bridge components to site

Due to the large size of the bridge components, transport is restricted to night delivery under police escort. Five separate bridge components will be delivered between Saturday 23 September and Saturday 23 December. All deliveries will take place on a Saturday night between 11pm and 5am.

The trucks will access the Memorial Avenue compound from the Great Western Highway gates. The bridge components will be unloaded within our standard working hours.

Bridge fabrication

The temporary workshop will be used to assemble the bridge components, weld and paint the steel that will form the main span of the Nepean River Bridge.

Site based welding and painting of the steel bridge will take place between Monday 25 September and Saturday 23 December. To ensure a high quality, the work will require extended working hours for site based welding and painting.

Roads and Maritime will carry out up to 40 late evening shifts between 6pm and 10pm Monday to Friday and between 1pm and 5pm on Saturdays. This will be in addition to our normal working hours of between 7am and 6pm Monday to Friday and between 8am and 1pm on Saturdays. This work will take place within the large workshop.

We have included a diagram to show where the workshop is located and where work will take place.

Christmas holiday period work hours

We will not carry out work during the Christmas and New Year holiday period on the Nepean River Bridge from Saturday 23 December 2017 until 7am on Monday 8 January 2018.

During this time the compounds will be locked and all road construction restrictions removed.
How will the work affect you?

There may be some noise associated with this work. We will make every effort to minimise noise, including ensuring our work program allows opportunities for respite.

Contact

If you have any questions, please contact our delivery partner Seymour Whyte Constructions, on 1800 851 934 or email us on nepeanbridge@rms.nsw.gov.au. For more information on our projects, visit rms.nsw.gov.au.

Thank you for your patience during this important work.
